

CHRIS PIELLI

STATE COMMITTEE

Dear Fellow Democrats,

My name is Chris Pielli and I am reaching out to each of you asking your support for my re-election to the PA State Committee.

The past four years have been extremely challenging and I am proud and grateful to have served and supported Chester County Democrats as your Democratic State Committee person and as Chairman of the West Goshen Township Board of Supervisors. I am also proud to report that after many years of dedication and hard work we have turned our Township blue for the first time in its 200 year history.

These are challenging times. Our very Republic remains threatened by dangerous demagoguery and division sown by the republican party. Our task is clear. It is not just to win as Democrats but to save our Country from the fear, hate and malice that has invaded our communities, homes and schools since the advent of Trump and his delusional base of support. I seek new initiatives and new leadership to stand up to these attacks on decency and our democratic values not with the usual politics and acquiescence too often seen by our past leaders, but with unabashed pride to push and promote a progressive agenda required to take back our country and our children's future. With that said, I am extremely proud to announce that I am running in partnership with recently elected West Goshen Township Supervisor Mary R. LaSota and long-time activist, committee person and Democratic District Leader for the PA 158th District, John J. Hellmann III.

Our goal is to help turn Chester County completely and permanently "Blue" before the end of this decade and to return Pennsylvania to the progressive state it should be. Republican initiatives and inept leadership threatens all hard working Pennsylvanians. Our schools are threatened, our economy is rigged towards the wealthy, our basic right to vote is under attack, our political districts gerrymandered, our immigrant community lives in fear, and republicans continue their outrageous war against women's right to choose and equal pay. It is more crucial than ever to lead our County and our Commonwealth towards a more progressive, fair and just future. A future free of fear, division and hate. A future bright with the promise and hope so many patriots in the past have fought for. We hope for your support and for the success of our Democratic future.

We have had many recent victories but we cannot rest yet. Our success depends on you and other dedicated Democrats to include my wife of twenty-two years, Christine Fernandes, who also serves our party as a local committee person and board member of the Chester County Democratic Women's Leadership Initiative. With her love, hard work, and strong support we continue the fight for the future of our County, Commonwealth, Country and our two fantastic children.

Background: ATTORNEY, VETERAN, U.S. ARMY, PROGRAM MANAGER – HOMELESS VETERAN REINTEGRATION PROGRAM, VOLUNTEER TEACHER, CHAIRMAN OF THE WEST GOSHEN TOWNSHIP BOARD OF SUPERVISORS, DEMOCRATIC STATE COMMITTEE PERSON, HUSBAND AND FATHER.
