Dear Fellow Democrats,

I am running for the Pennsylvania State Democratic Committee and asking for your support and your vote in this 2018 Primary election. For the past 15+ years, I have been actively engaged in voter outreach and engagement in Chester County.

Working for Change, dedicated to progress

Elva cares about:

- Commonsense Gun Laws
- Fiscal Responsibility
- Great Schools for All Children
- Affordable Healthcare for All and Women's Healthcare Advocate
- Immigration Reform

It's time for new leadership in our County and a more progressive agenda; one that fights for working people, immigrants...all the people of Chester County. Leadership that is inclusive, gets things done, and represents our Democratic values is sorely needed now.

I am proud to support an agenda that is focused on giving all people a voice and opposed to legislation that favors one party or special interest groups. ***It is why I am running for State Democratic Committee.***

Elva's Background includes:

- 30-year resident of Chester County, PA, lived in Tredyffrin Township for 25 years.
- Business owner who "lives, works and worships" in Chester County
- Executive Coach, Carer Coach and Leadership consultant
- Former Professional Services, Operations and Technology Executive
- Ran for Tredyffrin Township Supervisor Board of Supervisors in 2015

Serving on these Chester County Boards:

- Benchmark Federal Credit Union
- Former member, Surrey Services for Seniors
- Former member, Women's Resource Center
- Tredyffrin Democrats Executive Committee
- Chester County Women's Commission
