

Dear fellow Democrats,
I'm running for re-election to continue promoting YOUR concerns within the Democratic Party.

Just why is State Committee important? State Committee members are the eyes and ears for Chester County Democrats. It's about having a representative who advocates for YOUR interests.

- Making your needs known UP to the state party in Harrisburg.
- Bringing information and resources back DOWN to the county level.

Hans is the right person to re-elect for this position. During this past term, I've been fully committed to our Democratic values:

- State Secretary of the Pennsylvania Young Democrats
- Chairman of the Chester County Young Democrats
- Candidate for State House of Representatives in 2016
- County Recorder of Deeds candidate in 2015
- Parliamentarian for Chester County Democratic Committee
- Executive member of Tredyffrin Township Democrats
- Political Director to State House candidate
- Experienced campaign Treasurer
- Successful Campaign Manager for local races

Here's how we can do this TOGETHER.

1. On Primary Day (May 15), tell your friends and Democratic voters to vote for HANS.
2. Check out my social media profiles!
3. Share this message with at least 3 friends!

If I've learned one thing, we can't do this alone.

A handwritten signature in black ink that reads "Hans".
