

Lisa Longo for PA State Committee

Lisa Longo is Treasurer of the Chester County Democratic Committee, President of the Phoenixville Area School Board, a Senior Training Alumni and Fellow with Organizing For Action (formerly Obama For America).

She has managed, worked for and volunteered on campaigns for candidates running at every level, from the school house to the state house, and even the White House.

A firm believer in the adage “activism is the rent we pay”, Lisa wants to represent Democrats of Chester County at PA state committee and share the grassroots successful strategies and skills we’ve been using to turn Chester County blue. For the last 20 years, Lisa has worked in finance and management consulting. As Treasurer of the Chester County Democratic Committee she used these skills to help double the amount raised, assist with modernizing operations, including developing internal controls and online digital campaign fundraising. If elected Lisa would like to serve on the Audit Committee and assist with expanding outreach, diversity, and grassroots activism of the state party.

Lisa works every day to build bridges not walls, and she believes that grassroots activism is our path to success. Lisa is a proven progressive who will be a strong voice for moving forward as a party and helping elect other proven progressives.

Examples of efforts & activism-

- Effective team-building and leadership; ability to build consensus and develop organizational objectives
- Impactful Training & Development on Policy, Legislative Overview, Speech Writing, Talking Point Development, Messaging and Campaign Finance (Current Treasurer of Chester County Democratic Committee)
- Proven campaign strategy development, including digital, field, volunteer recruitment & campaign management
- Successful fundraising and event planning; including events with Governor Tom Wolf, Senator Bob Casey, Governor Martin O’Malley, Cecile Richards, Ted Danson, Anne Hathaway and the Distinguished Madeline Albright.
- Public Speaking (March for Our Lives and the Women’s March in West Chester just this year)

Lisa promises that a vote for her is a vote for action, change and real progress!
